PROFESSIONAL SUMMARY

Looking forward to utilize my direct patient care experience to design programs and applications for health care providers that grasps the essence of their daily routine, minimizes time for documentation, and helps create a robust care document that is inclusive and easy to understand.

WORK HISTORY

CLINICIAN 12/2018 to Current
Hartford HealthCare, Hartford, CT

- Evaluated patient concerns, histories, appearance and responses to form picture of current health state.
- Directed family-centered, strengths-based, culturally competent and individualized intakes and assessments.
- Delivered client assessments for those struggling with addiction or relationship issues and implemented strategies based on client needs.
- Encouraged patients to discuss experiences in group and individual settings.
- Provided comprehensive case management services, including creating treatment plans and connecting clients and families to appropriate resources.
- Worked collaboratively with other mental health professionals to provide consistent care and minimize diversion.
- Facilitated smooth discharge by encouraging and reassuring clients throughout transitions.
